1. After reviewing H.R. 8152 and the proposed Holtzman amendment, we concur in the position set forth by the Acting General Counsel that the Agency should take no action in this matter, particularly since the Law Enforcement Assistance Administration (LEAA) would attempt to present some clarifying legislative history to insure that there is no intention of prohibiting passage by the Agency of information and technology which would be useful for LEAA to have.

2. Our contacts with LEAA have not been active in the recent past, nor have we received any request for assistance from LEAA for several months.

3. Please advise if any additional data are desired.
